1. Purpose of SFQ

The Student Feedback Questionnaire (SFQ) is one of the formal channels at PolyU to collect student feedback on teaching and learning for both developmental and judgemental purposes. The SFQ results can be used by the teaching staff and programme/subject team to identify the strengths and weaknesses of a subject offered as well as the teaching of the staff member concerned for their reflections and improvements. They will also be used as one of the sources of evidence in judging a staff member's teaching performance in the annual staff appraisal and in important personnel decisions regarding (re)appointments, tenure and promotion [see [Operation Manual of The 2011 Framework for Appointment, Promotion and Retention of Academic Staff \(HRO, 2012\)](#)].

2. Structure and items of SFQ

The SFQ form consists of two sections, namely, Section I About the Subject and Section II About the Staff Member. The structure and items are outlined as follows:

Section I About the Subject

- 5-6 standard items on students' learning experience of the subject
- A set of customised items on the achievement of learning objectives/intended learning outcomes (*General University Requirements (GUR) subjects only*)
- 2 standard open-ended questions
- A maximum of 5 additional questions set by the Subject Leader (*optional*)

Section II About the Staff Member

- 2 standard items on the overall view about the teaching of the staff member
- A set of Faculty-based items endorsed by the respective Faculty Board
- 1 standard item on the use of the medium of instruction
- 2 standard open-ended questions
- A maximum of 5 additional questions set by the individual subject teacher (*optional*)

For the standard items used across Faculties/School, see [Appendix A](#).

For the customised items for individual Faculties/Schools and categories of GUR subjects, see [Appendix B](#).

For ideas on additional questions about the subject or teaching of the staff member, see <http://edc.polyu.edu.hk/sfq-sample-questions>.

3. PolyU policy and operational guidelines on the implementation of eSFQ

From 2014/15 onwards, all SFQs will be conducted online via the electronic SFQ (eSFQ) system in replacement of the in-class, paper-based SFQ.

The following sections set out the policy and operational guidelines on conducting the eSFQ, endorsed by the Academic Council (AC) and Learning and Teaching Committee (LTC) in July 2014.

3.1 Importance for departments to ensure accuracy and updatedness of teaching assignment and student enrolment records on AS system

As the administration of the eSFQ is primarily based on the AS records regarding teaching assignments and student enrolments, any inaccurate or incomplete information shown in the AS records will lead to problems in administering the eSFQ. Departments should, therefore, make every effort to ensure that the teaching assignments and student enrolments in the subject and class components (tutorials, seminars, laboratories and studios in particular) are **accurate, complete and regularly updated** on the AS system. In particular:

- In order to deploy the eSFQ, the teaching staff members concerned **must have a valid PolyU NetID** (pseudo NetID will not work) and this information must be included in the class records on the AS system. **No eSFQ can be conducted for the staff members if they do not have a valid NetID.** Departments should ask their teaching staff members (*especially part-time visiting lecturers*) to apply for a PolyU NetID if they do not have one. For more information on the eligibility and registration for a NetID, visit ITS' *NetID Management Service* webpage: <http://www.polyu.edu.hk/its/staff/service-areas>.
- Departmental SFQ administrators should contact their department's corresponding AS staff should there be any problem updating the teaching assignments on the AS system. **Allow at least one day for the teaching assignments/class records to be updated on the eSFQ system.**
- To avoid sending the wrong eSFQ forms to students due to class group changes, students who would like to switch to another seminar/tutorial group **must seek approval** from their subject teachers, who should then notify the department for the administrative staff to update the student enrolments of the class records accordingly via the AS system.

3.2 Who should be included in the SFQ exercise?

All full-time and part-time staff having a major teaching responsibility (see [Section 3.3](#) for definition) for any subjects/classes of any PolyU award-bearing programmes at the sub-degree, undergraduate and postgraduate levels should be included in the SFQ exercise.

Teaching Assistants (TAs) employed under the Teaching Postgraduate Studentship (TPS) Scheme or research students who are required to teach should be **excluded** from the exercise [see [Guidelines for Evaluation of TA under TPS Scheme \(VPAD, 2012\)](#)]. **If departments would like to collect student feedback for TAs or research students who are required to teach, they should use other means such as the survey function on Blackboard (Bb) to do so.**

3.3 For which subjects/classes of which staff members should the eSFQ be administered?

The eSFQ should be conducted for all staff members for all of their subjects/classes in which they have a **major teaching responsibility**. A major teaching responsibility is considered as teaching contribution to the same component of the same subject of no less than 6 sessions (roughly 45%).

In team-taught situations where staff members do not have a major teaching responsibility in a subject/class they teach, or in subjects that involve multiple teachers each teaching/supervising a small sub-group of the students in class (e.g. studio class, FYP), **only Section I About the Subject of the eSFQ** should be

administered and no eSFQ should be conducted on the teaching of the individual staff members concerned (i.e., Section II About the Staff Member), unless otherwise deemed appropriate by the Head of Department.

In service teaching situations, the eSFQ should be conducted by the **subject offering department** using its faculty-based eSFQ form regardless of the teaching staff's affiliated department. The Head of the staff's affiliated department can request the staff member concerned to submit the eSFQ report of the subject if needed.

Final decisions on conducting the eSFQ should be made by departments in consultation with the staff members concerned.

Note that the eSFQ should not be used to collect interim feedback. Departments should use other means such as the survey function on Blackboard (Bb) if they wish to collect interim feedback from students for subject improvement purposes.

3.4 Which SFQ results will be included in the computation of departmental cumulative norms?

All SFQ results will be included in the computation of the departmental cumulative norms. However, it should be noted that SFQ results from classes with very low response rates (e.g., less than 30%) or a small number of responses (e.g., $n \leq 5$) should be interpreted and used with great caution especially in making judgments about the teaching performance of a staff member, as those results might be quite unreliable.

3.5 How will the eSFQ be conducted?

By default, the eSFQ is conducted out-of-class, but teachers may opt for in-class administration with approval from their DLTC.

3.5.1 Out-of-class eSFQ

Out-of-class eSFQ will be conducted in the standardised survey periods prescribed by the University (see [Section 3.6](#) for survey periods).

On the first day of the survey period, the eSFQ system will send an email to students, inviting them to log in to the eSFQ site for students (www.polyu.edu.hk/esfq/student) to complete the eSFQ. They can then complete the eSFQ at their own pace, anywhere, anytime outside class hours until the survey period ends.

Each eSFQ form can be submitted **only once**. Once submitted, the student will not be able to revise his/her responses or do it again. Students can save a partially completed eSFQ form for later completion and submission. However, data from saved drafts without actual submission will not be captured and included in the SFQ results.

During the survey period, students will be reminded of any incomplete eSFQ via system-generated emails and/or SMSes. Subject Leaders and teachers who wish to further promote student participation are welcome to do so by means of personal appeals. The eSFQ system provides a facility for Subject Leaders, subject teachers and departmental SFQ administrators to check real-time response rates and send emails to students. Staff members who wish to make use of this facility to boost response rates should do so *during the survey period*.

No email invitation and email and/or SMS reminder will be sent to the students if they do not have to do any eSFQ or have completed them all.

3.5.2 In-class eSFQ

In-class administration is recommended for classes with low student enrolments (e.g., 30 or below) in order to boost the response rate. Staff members who wish to conduct the eSFQ in class **must seek approval from their DLTC Chair**. If the subject teacher making the request is also the DLTC Chair, approval should be obtained from the Head of Department instead.

If in-class eSFQ is approved, staff members can decide on the start date of the eSFQ exercise (normally on the date of the in-class administration). By default, the end date of the eSFQ exercise is the last day of the nearest standard survey period. Staff members can alter the end date to another date they deem appropriate. However, the survey period cannot be shorter than 3 days and the designated end date cannot be later than the default end date (see [Section 3.6](#) for survey periods).

For in-class eSFQ administration, **no email invitation** will be sent to the students; **only one email reminder** will be sent to the non-respondents on the second day of the designated survey period, unless the designated survey period overlaps with the standard survey period. Staff members are welcome to encourage students to participate in the eSFQ exercise via explanation in class and follow up on the response rate by means of personal emails to students *if they so desire*. The eSFQ system provides a facility for Subject Leaders, subject teachers and departmental SFQ administrators to check real-time response rates and send emails to students. Staff members who wish to make use of this facility to boost response rates should do so *during the survey period*.

Each eSFQ form can be submitted **only once**. Once submitted, the student will not be able to revise his/her responses or do it again. Students can save a partially completed eSFQ form for later completion and submission. However, data from saved drafts without actual submission will not be captured and included in the SFQ results.

All in-class eSFQ should be administered by administrative/support staff assigned by the department, and the teaching staff concerned should be absent from the room/hall during the eSFQ exercise. The administrative/support staff responsible for conducting the eSFQ in class must clearly tell the students the following information before conducting the in-class eSFQ:

- On which staff member(s), subject and part(s) of teaching the students are providing feedback
- Purpose of the SFQ
- Instructions to doing the eSFQ
- Time allowed for the in-class eSFQ exercise

No spare mobile devices will be provided to students without access to a mobile device during the in-class eSFQ exercises. The administrative/support staff responsible for conducting the in-class eSFQ should ask those students to complete their eSFQ as soon as they have access to a computer or mobile device.

A standardised PowerPoint presentation containing in-class eSFQ instructions has been developed for departments' use and reference. Departments are welcome to adapt the PowerPoint Presentation should they decide to use it.

The PowerPoint presentation and the instructions to using it can be obtained from the following places:

- eSFQ system website for Departmental SFQ Administrators (www.polyu.edu.hk/esfqadmin)
- EDC website (<http://edc.polyu.edu.hk/procedures-esfq>)
- Via the eSFQ icon  located on the desktop of each classroom/lecture hall computer

3.6 When will the eSFQ be conducted?

The *out-of-class* eSFQ will be conducted in the standardised survey periods set out as follows:

Semesters 1 and 2		Summer Term
Teaching ends by Week 7	Teaching ends after Week 7	
Monday of Week 6 to Tuesday of Week 8 of the semester	Monday of Week 12 to the day before the University exam period starts	Monday of Week 6 to the day before the University exam period starts

As mentioned in [Section 3.5.2](#), for *in-class* eSFQ, staff members can decide on the start date and end date of the survey period. However, the survey period cannot be shorter than 3 days and the designated end date cannot be later than the default end date i.e., the last day of the nearest standard survey period.

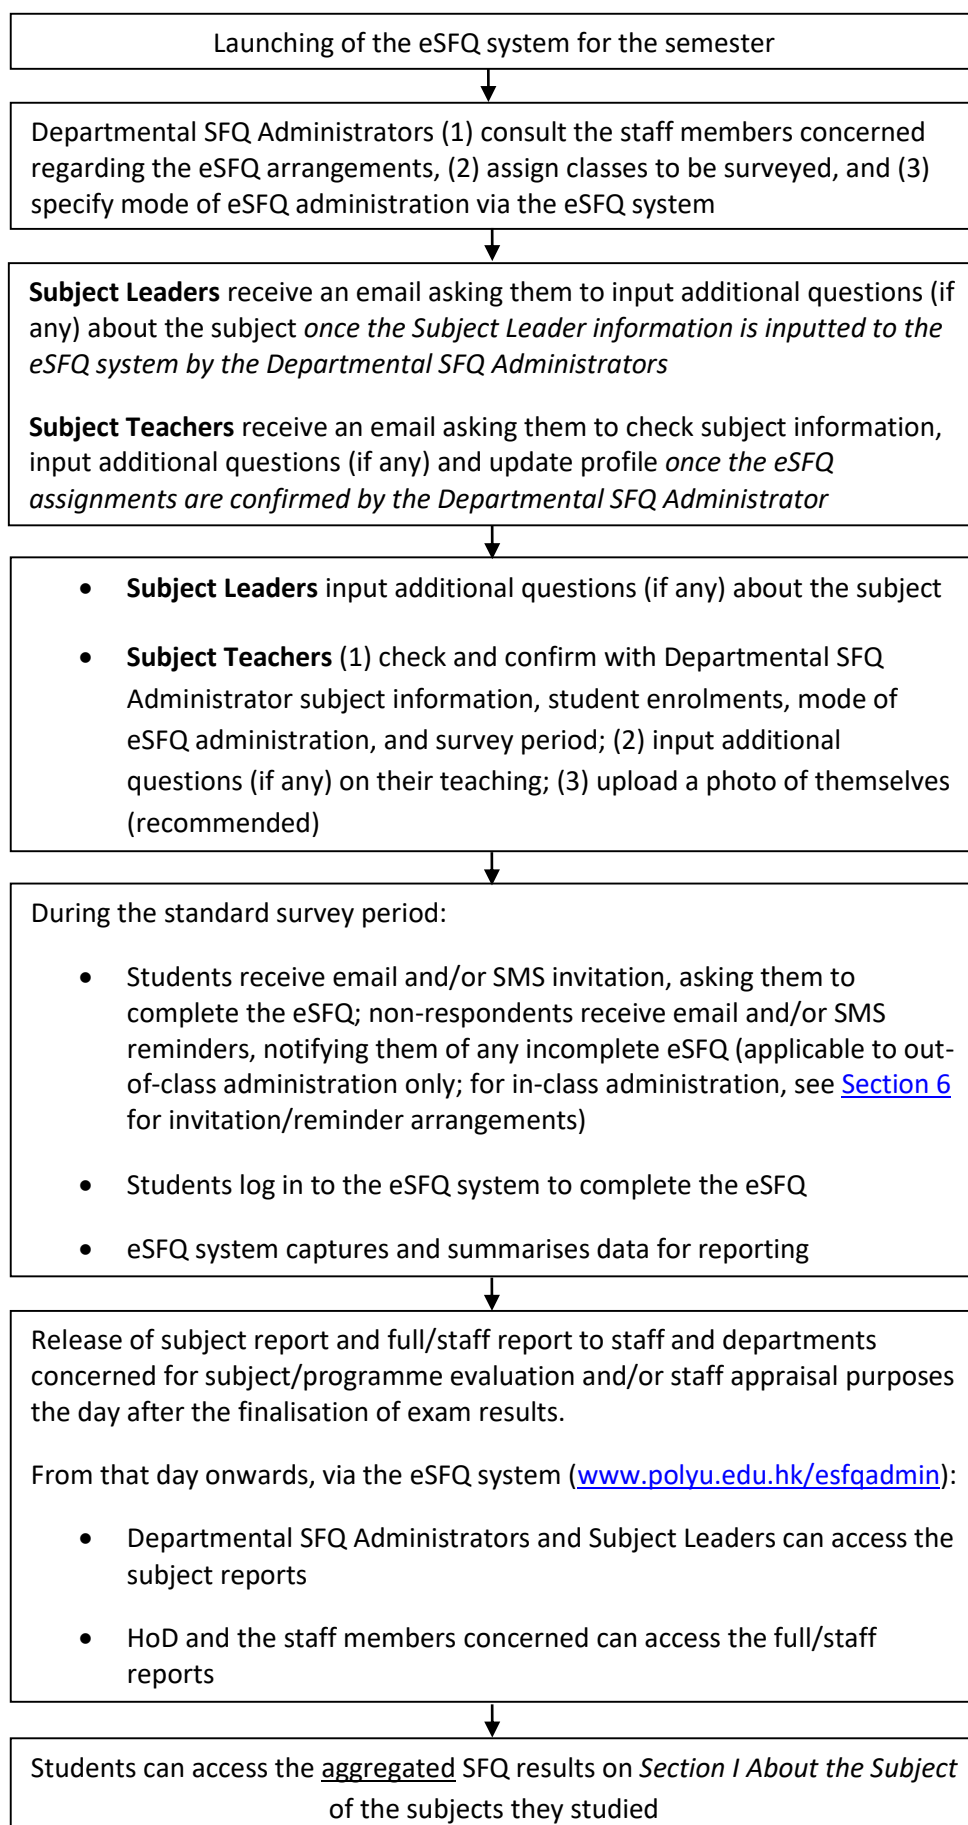

3.7 Requests to conduct eSFQ for subjects held outside the 13-week teaching schedule

For subjects that **do not follow the regular 13-week teaching schedule** (e.g., teaching goes beyond Week 13) and conducting the eSFQ within the 13-week time frame does not seem appropriate, the department can send a formal request to the Educational Development Centre (EDC) to seek assistance for making an alternative arrangement for conducting the eSFQ outside the standard survey periods. The request should include:

- (1) a justification for conducting the eSFQ outside the standard survey periods for each particular class
- (2) class information e.g., subject code, section code, component code and NetID(s) of staff member(s)
- (3) proposed survey period (i.e., start date and end date) of the eSFQ exercise
- (4) endorsement/approval from the DLTC for conducting the eSFQ outside the standard survey periods

A request template can be obtained from the EDC website (<http://edc.polyu.edu.hk/sfq-collect.htm>). The request should be sent to EDC **at least 5 working days prior to the proposed start date**. Requests without a strong justification or upon very short notice may not be accommodated.

6. Promoting student responses

The University adopts a number of strategies to promote student participation in the eSFQ exercise.

eSFQ pamphlet	Distributing pamphlet containing essential information on the eSFQ exercise to new entrants via the Welcome Pack given out on the Welcoming Day			
Email invitations	Inviting students to complete the eSFQ on the start day of the <i>standard eSFQ periods</i> via email <u>Note:</u> For <i>in-class</i> eSFQ administration, no email invitation will be sent to the students			
Campus-wide posters and banners	Putting up posters and banners on campus during the end-of-semester eSFQ period			
Promotional videos	Broadcasting short videos each featuring a teaching staff member to encourage students to take part in the eSFQ exercise on campus display TVs			
Dedicated Blackboard module on LEARN@PolyU and banner on the Student Portal	Alerting students with any incomplete eSFQ on L@PU and Student Portal with a blinking Blackboard module and banner respectively			
Email and SMS reminders to non-respondents	Reminding students of any incomplete eSFQ during <i>the standard eSFQ period</i> via emails and SMSes			
		Week 6 & Week 12	Week 7 & Week 13	Week 8 & the week before University exam period
	Email reminder	Friday	Monday, Wednesday, Friday	Second last day & last day of survey period
	SMS reminder	--	Monday & Friday	Last day of survey period
	<u>Note:</u> For <i>in-class</i> eSFQ administration, only one email reminder will be sent to the non-respondents on the second day of the designated survey period, unless the designated survey period overlaps with the standard survey period. Staff members are welcome to encourage students to participate in the eSFQ exercise via explanation in class and follow up on the response rate by means of personal emails to students <i>if they so desire</i> .			

Apart from the above strategies, subject teachers are encouraged to urge their students to respond to the eSFQ via in-class explanation or additional email reminders *during the survey period* if they wish to do so. Subject teachers can check the real-time response rates and send additional email reminders via the eSFQ system (www.polyu.edu.hk/esfqadmin).

7. Analysis and reporting of the SFQ data

The Educational Development Centre (EDC) will be responsible for analysing and reporting the SFQ data. Two different reports will be produced: (1) a full/staff report on both the results of the teaching of the individual staff member and the subject (if available); (2) a subject report on the results of the subject (i.e. Section I) only.

The reports will be made available on the eSFQ system the day after the finalisation of the overall assessment results (please check the academic calendar for the specific dates). The staff members and Head of Department concerned can access the full/staff reports via the eSFQ system for their perusal, and the department concerned can access the subject reports for further distribution to various officers such as the Programme Leader and Departmental Learning and Teaching Committee Chairman for programme evaluation and improvement purposes. The Head of Department concerned has the discretion to disseminate the reports to relevant parties as needed.

8. Confidentiality

Confidentiality is emphasised in the SFQ exercise. All SFQ data and reports on individual staff members are confidential. Access to the full/staff reports is restricted to the individual staff members and the Head of Department concerned, as well as other relevant officers or committees (appraisers etc.) if needed. EDC will not disclose or discuss the SFQ data of an individual staff member to or with anybody other than the staff member and the Head of Department concerned.

Likewise, anonymity of student participation and feedback is promised in the SFQ exercise. Information on students' participation and their individual responses are anonymous and will not be released to the department and staff member(s) concerned.

11.3.13 Interactive tool for interpreting SFQ scores

The interactive tool enables you to compare your SFQ ratings from a particular class of students with the Faculty SFQ Norms for classes of similar size so as to identify your relative strengths in teaching as well as areas where you can further improve, and/or the relative standing of your scores compared to other classes of similar size within the Faculty. It also provides some tips to help you further improve different aspects of students' learning experience of the subject as well as your own teaching.

For more information on interpreting the SFQ scores:

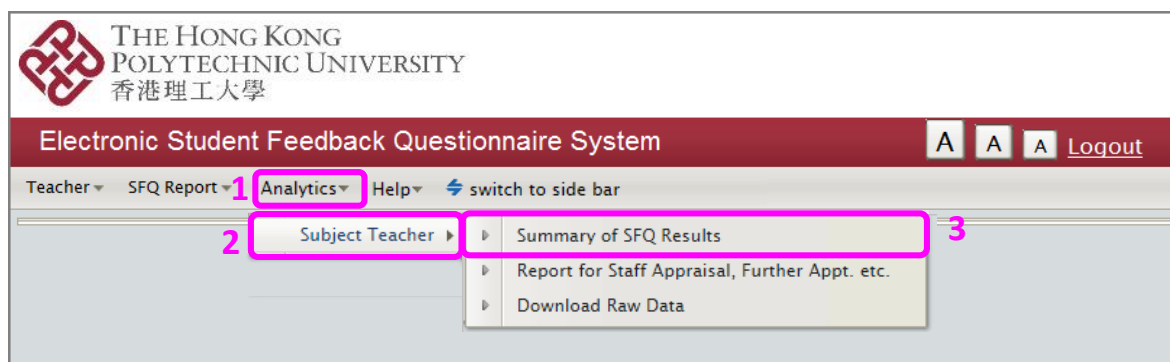

- See *Interpreting the Results from the Faculty/School-based Student Feedback Questionnaire (SFQ)* at: <http://edc.polyu.edu.hk/sfq-interpret.htm>
- See *Understanding the Nature and Limitations of Student Feedback on Teaching* at: <http://edc.polyu.edu.hk/sfq-collect-understand.htm>
- Attend the workshop on interpreting SFQ reports for teaching enhancement: Each semester, EDC offers a workshop on this topic. You can find more information on this workshop from EDC's activities calendar: <http://eldss.edc.polyu.edu.hk/AMS/activitycalendar.asp#>

You are welcome to schedule a consultation session with the following EDC staff members for interpreting your SFQ results and advice on improving teaching and learning:

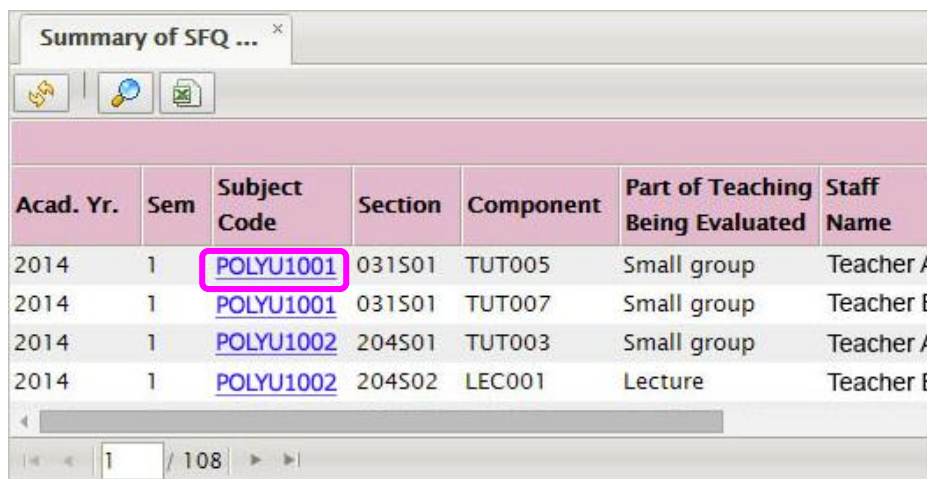

- Dr. Christine Armatas
Email: christine.armatas@polyu.edu.hk
Ext.: x6298
Room: TU608
- Dr. Joseph Chow
Email: joseph.chow@polyu.edu.hk
Ext.: x6320
Room: TU612

To use the tool, follow the steps below.

- Step 1** To access the interactive tool, login to the eSFQ system. Then click **Analytics** in the top menu bar then select **Subject Teacher**, then **Summary of SFQ Results**.

Step 2 Click on the subject code in the record to display the interactive tool.

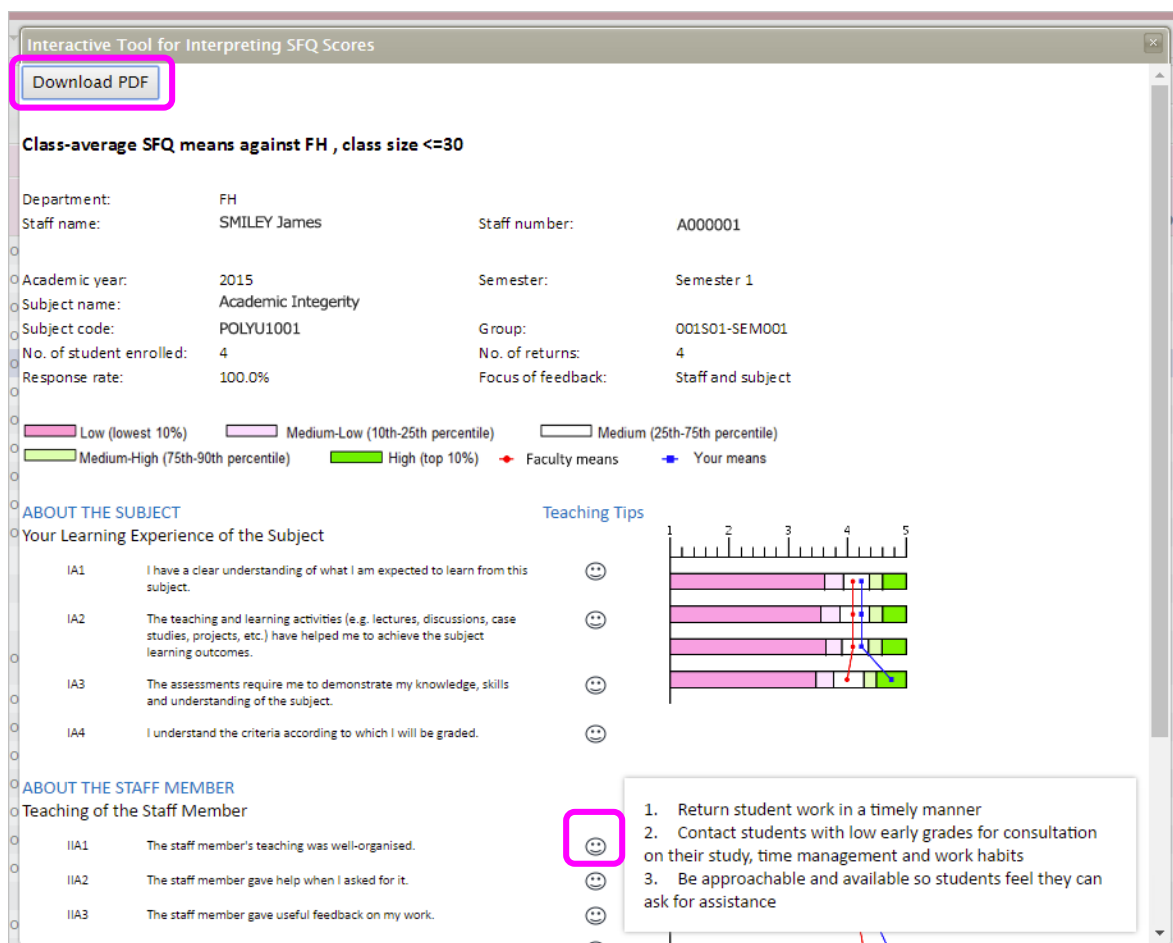

Acad. Yr.	Sem	Subject Code	Section	Component	Part of Teaching Being Evaluated	Staff Name
2014	1	POLYU1001	031S01	TUT005	Small group	Teacher A
2014	1	POLYU1001	031S01	TUT007	Small group	Teacher B
2014	1	POLYU1002	204S01	TUT003	Small group	Teacher A
2014	1	POLYU1002	204S02	LEC001	Lecture	Teacher B

Step 3 Your SFQ scores for that class will be shown plotted against the Faculty norms for classes of similar class sizes as shown in the screenshot below.

To display the teaching tips indicated by the smiley face symbol, hover the cursor over the **Smiley face icon**.

To download the interactive report, click the **Download PDF button** at the top left hand corner.

How to interpret your SFQ results:

Your own SFQ scores (in **blue**) are plotted against the Faculty mean scores (in **red**).

SFQ scores of the corresponding items from classes of similar size to your class in the Faculty are used to plot the bars. The bars are coloured to show, from left to right, SFQ scores of the lowest 10%, between the lowest 10% to lowest 25%, the middle 50%, between the top 10% and top 25% and the top 10%.

To have a sense of the relative standing of your scores as compared to similar classes in your Faculty, examine the region in which your SFQ scores (plots in **blue**) fall into. The following is a rough diagram for interpreting the scores:

ABOUT THE STAFF MEMBER

Teaching of the Staff Member

- IIA1 The explanation of the subject matter was clear.
- IIA2 There were adequate opportunities for students to ask questions.
- IIA3 The teaching motivated me to do my best.
- IIA4 The lecturer was willing to help students when they had problems in learning.
- IIA5 Useful and timely feedback was given on my assignments/work.

To identify your relative strengths and areas for further improvement in your own teaching, compare your SFQ scores with the Faculty Norms:

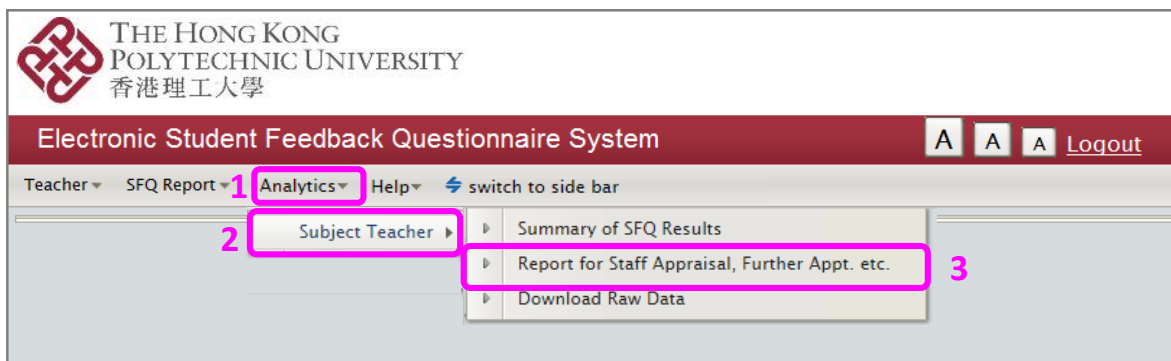

- Items where your SFQ scores are significantly higher than the Faculty mean scores (i.e., in the High or Medium-High region) represent areas of your relative strengths in teaching (e.g., score for IIA1)
- Items where your SFQ scores are significantly lower than the Faculty mean scores (i.e., in the Medium-Low or Low region) probably indicate areas where students feel less satisfied and thus, warrant more of your attention and effort to improve (e.g., score for IIA4)

Always remember that student ratings of this sort are rough indicators only. They are not precise nor absolute measures of a staff member's teaching performance and thus, must be interpreted in context and with great care. If you need more information or any assistance with interpreting SFQ results, see p. 69 of this Handbook.

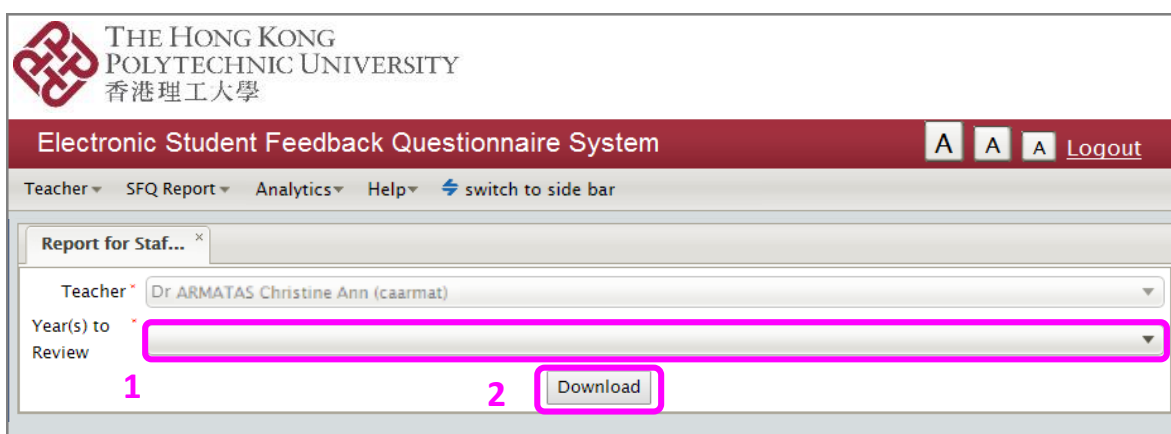

11.3.14 Downloading SFQ summary report for staff appraisal, further appointment, etc.

Subject teachers can download a summary report of their past 7 years' SFQ results with percentile range indications for staffing exercise or other relevant purposes.

- Step 1** To download an SFQ summary report, click **Analytics** in the top menu bar then select **Subject Teacher**, then **Report for Staff Appraisal, Further Appt. etc.**

- Step 2** Select the number of years (1, 3, 6 or 7) from the drop-down menu (**Year(s) to Review**), then click **Download** to generate and download the report.

11.3.15 Downloading raw data

Subject teachers can download the raw data of students' responses (*de-identified*) in Section I About the Subject (if applicable) and/or Section II About the Staff Member.

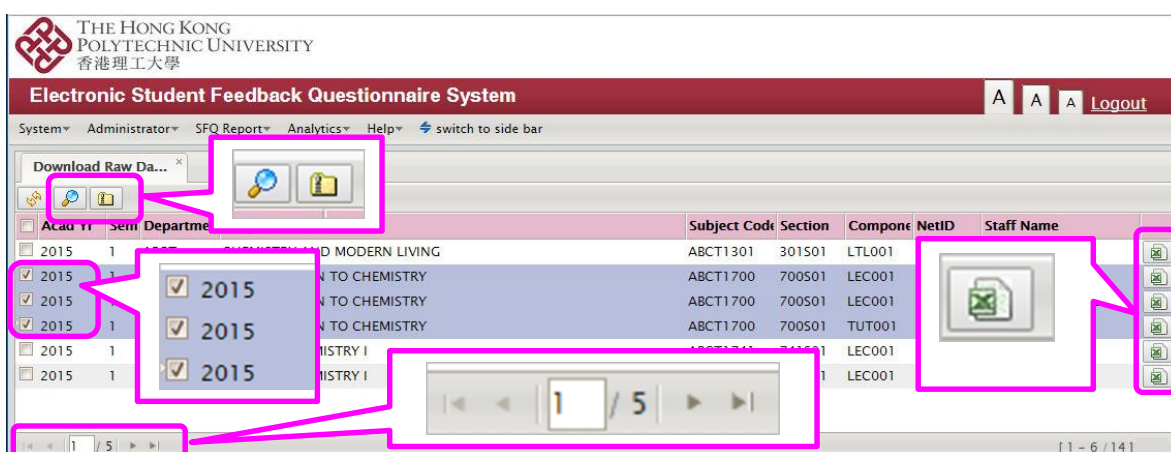

- Step 1** To download the raw data, click **Analytics** in the top menu bar, select **Subject Teacher**, then **Download Raw Data on Subject**. A new tab will be displayed.

- Step 2** Click the **Excel file icon**  to download the raw data of a particular record. To download multiple records, select the records by checking the boxes next to them, then click the **zip file icon** .

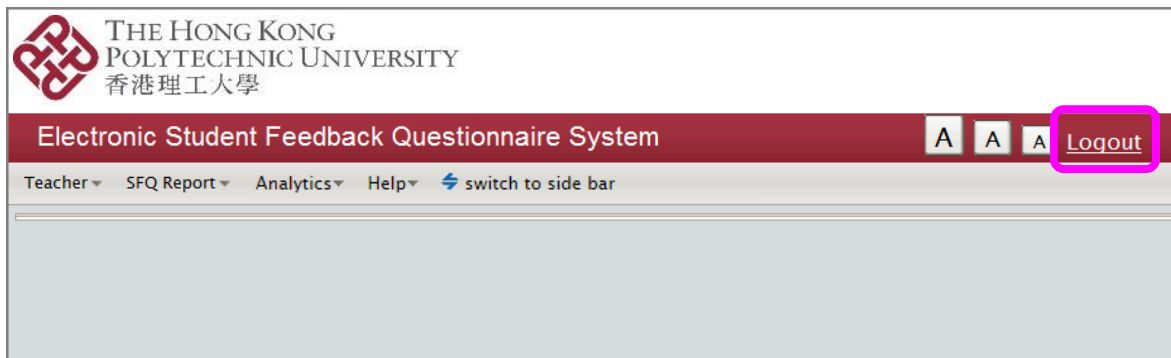

To search for a particular record, click the **Magnifying glass icon** . Enter the relevant information, then click **Search**.

You can use the **Arrow buttons** at the bottom to go to the first, previous, next or last page. Alternatively, you can enter the page number to go to a particular page.

11.3.16 Logging out of the eSFQ system

Step 1 To log out of the eSFQ system, click the **Logout link** in the top right corner.
