## **DEAN'S** MESSAGE FROM FACULTY OF **BUSINESS**

Welcome to the Faculty of Business of PolyU.

Faculty of Business, popularly known as PolyU Business School (PBS), is a world-class business school that offers high-quality academic programmes and leads cutting-edge research in business and related disciplines. We have achieved accreditations from AACSB (The Association to Advance Collegiate Schools of Business) and EQUIS (EFMD Quality Improvement System).

PBS is dedicated to the pursuit of *IDEAS* (*Innovation-driven Education and Scholarship*) with a 3D focus on *Discovery*, *Design and Delivery*. We realise knowledge and technology transfer through educational programmes, as well as partnership and close links with industry and the professional community.

PBS offers a comprehensive portfolio of undergraduate and postgraduate programmes, many of which are recognised by professional bodies in the fields of accounting, finance, logistics, management, marketing and transport.

The Master of Science in China Business Studies equips you with in-depth knowledge of business practices in China and the ability to analyse changes in government policies and the market environment. The broad curriculum, containing Chinese language and culture in addition to cross-cultural management, prepares you to thrive in business, and the ethnically mixed class allows you to learn in a stimulating environment.

We look forward to welcoming you to our community of over 170 world-class scholars from around the world, 4,900 students and 52,000 alumni.

Ir Prof. T.C. Edwin Cheng

Dean, Faculty of Business

Fung Yiu King – Wing Hang Bank Professor in Business Administration

Chair Professor of Management

Welcome to The Hong Kong Polytechnic University!

The Master of Science in China Business Studies programme is an interdisciplinary curriculum that will help students better understand and appreciate the Chinese language and culture, therefore further enhancing their career opportunities in business studies. Through collaborations between the Faculty of Humanities (FH) and the Faculty of Business (FB), this programme offers in-depth knowledge that will be essential to students who wish to pursue future careers in the areas of Chinese culture, language, and business and related studies. This is an excellent curriculum for students to work together with faculty to bring the world to China and China to the world. This programme will prepare students to become global citizens with a unique vision of business practice in China. It will further allow students to develop their skills in the context of the new economies in Hong Kong, the Greater Bay Area, and China.

FH has strong programmes in Chinese culture, Chinese language, and bilingual studies in eastern and western languages. We hope students will find the China Business Studies programme, the faculty members of FH and FB, and the overall PolyU environment to be welcoming, pleasant, and conducive to knowledge acquisition. FH colleagues and myself look forward to having you in the programme and working with you closely. We wish you good luck and great success.

Prof. Li Pina

Dean, Faculty of Humanities

Chair Professor of Neurolinguistics and Bilingual Studies

Welcome to the Master of Science Programme in China Business Studies.

Since its inception in 1996, the PolyU Master of Science in China Business Studies programme has been well received by local business professionals, particularly from the banking and finance, manufacturing and trading sectors, who have close business ties with the Chinese mainland. Building on the success of this programme over 17 years, we launched the one-year full time programme in 2013-14. With its distinctive "China Focus" and enhanced interdisciplinary curriculum, we are fostering a new path for you to leverage on the high growth opportunities that China offers and equipping you with knowledge and skills needed to succeed in today's complex, fast-paced business environment.

This one-year full time programme is unique in that it draws on the whole of the Faculty of Business, and on the Faculty of Humanities, in order to provide students with multidisciplinary understanding of the breadth and depth of China's business environment and practices. The foundational subjects cover the economic, legal, cultural, managerial and financial aspects of China. The elective subjects provide students with opportunities to explore the more specialized areas such as China's foreign trade and investment, marketing, accounting, taxation, research methods, human resource management, accounting, customs and rituals. The other important feature of this programme is its connection between knowledge and practice. This programme has a compulsory subject "China Immersion Experience" that involves a summer internship (or study tour) in the country. For international students we have compulsory Chinese language subjects.

Over the years we have accumulated hundreds of alumni who have become successful business professionals. This alumni network is an important asset that new intakes of our programme can leverage on. In sum, if you are looking for a dedicated China programme offered by a renowned university in a world-class city, an in-depth understanding on China through multidisciplinary subjects and local immersion experience, as well as an indispensable network in order to succeed in China, join us in the PolyU Master of Science in China Business Studies!

#### **GRADUATES**

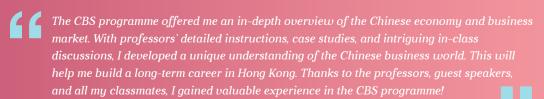

By Job Nature

This year, I've gained a lot from the CBS programme: academic knowledge, precious friendships, and a broader worldview. CBS provided a wide range of Chinese business knowledge and helped us understand the Chinese business environment more comprehensively. The most valuable part was that CBS introduced us to cross-border business knowledge and some of the differences between mainland China and Hong Kong such as law, economics, and trade.

**DENG Weiheng** (2022 Graduate)

WANG Hui Sharon (2022 Graduate)

The CBS programme provided me with deeper insights into China's business environment and its growth opportunities. Thanks to a holistic curriculum which entails management, economic, legal, culture and language components, I gained valuable experiences which allow me to make better business decisions.

**HILBOLL Malin** (2021 Graduate)

CBS maintains the highest quality and enables students to gain unique learning experience. After a year in the programme, I successfully applied the concepts and theories I learned to my thesis. Additionally, I developed strong relationships with the professors, guest speakers, and classmates and I will treasure them forever.

LIU Huihui (2021Graduate)

Thanks to the CBS programme and to its professors, I acquired relevant knowledge about China's economy, its culture and its legal system. Despite the coronavirus outbreak, it was a memorable year full of intensive group projects, cultural

surprises and new friends. My summer internship in a local company had made that experience even more immersive.

SION Anne-Iorraine Marie (2020 Graduate)

"

CBS not only widened my knowledge, but also strengthened my ability to view problems in a macro, systematic and structured way. It gave me a clear understanding of business management and improved my decision-making ability, enabling me to find a fulfilling job in Hong Kong.

CHEN Weiman (2019 Graduate)

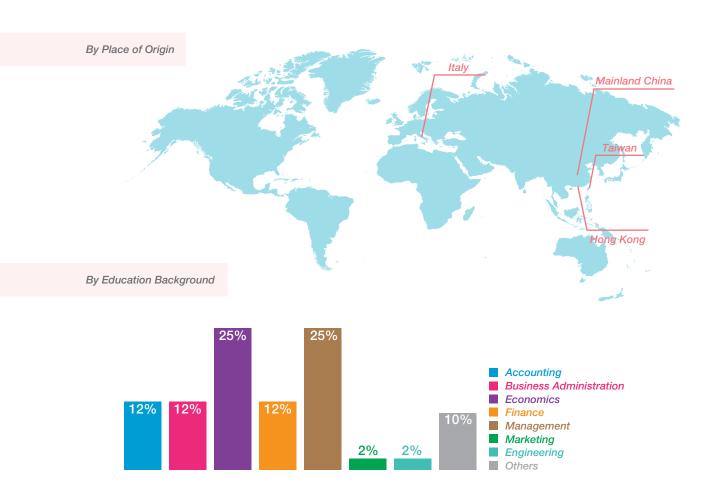

The CBS experience was unique. It is definitely the programme for people who are looking for a practice-oriented master's. There is a diversity of subjects, from law and economics, through Chinese society and culture, to films and everything that can be useful for a career in China. After this master's, I look at the world in a different way.

SEMENOV Simon (2018 Graduate)
