

**Percy Lam (2010 BEM graduate)**  
**Acting Assistant Project Manager**

1. How has your on-the-job training helped you to perform your job duties? Please give one or two examples.

The on-the-job training definitely helped me to perform my job duties. A clear training plan was established with my work supervisor and tutors. I have worked in different teams under different tutors for various durations. Relevant knowledge and experience could be built up all-round in a systemic way.

2. What was the most meaningful experience at Hip Hing Construction Co. for you? Why?

The completion of my 1st project responsibilities, gaining accreditation and trust from my colleagues, all of which signified my achievement throughout my training period at Hip Hing.

3. Do you have any advice for our current students on how to get into the Project MT Programme at Hip Hing? How should they prepare themselves?

There is no exact guideline for one's future career path. Students should not be afraid to make their own paths.

Chance favors the prepared mind. (Louis Pasteur)
