Department of Rehabilitation Sciences

## Departmental Seminar

**“Elastography for *in-vivo* muscle biomechanics:  
new insights into force sharing strategies”**

# Dr François Hug

Principal Research Fellow

*NHMRC Centre of Clinical Research Excellence in Spinal Pain, Injury and  
Health (CCRE SPINE)*

*The University of Queensland*

**Date: 4 November, 2014 (Tuesday)**

**Time: 12:30 -14:00**

**ST522, 5/F, Core S, The Hong Kong Polytechnic University**

Dr François Hug is a Principal Research Fellow in the NHMRC Centre of Clinical Research Excellence in Spinal Pain, Injury and Health (CCRE SPINE), at the University of Queensland (Australia). He has a background in Human Movement. After a post-doctoral period at the University of Paris VI, he was employed as researcher at the French National Institute for Sports (INSEP, France). He continued his research at the University of Nantes from 2006 to 2012. François has published over 85 peer-reviewed papers in the fields of biomechanics, neurophysiology and exercise physiology.

- All are welcome on a first-come-first-served basis and no registration is required.
- Parking is available – please contact Miss Ruby Wong for a parking voucher (email: [ruby.wong@polyu.edu.hk](mailto:ruby.wong@polyu.edu.hk))
