

DIY Crafts with old shoe boxes & smart household hygiene solutions

Green Tips
- Feb 2020 -

Shoe Rack >

1 Get an old shoe box and remove the lid.

2 Cut the shoe box in half.

3 Place disinfected shoes on the shoe rack. Keep your shoes safe and clean!

Cleaning Basket >

1 Cut out triangles from the long sides of the shoe box.

2 Cut out two rectangles from the bottom surface.

3 Apply glue on the bottom surface.

4 Fold the box in half and use tape to stick firmly.

5 Put frequently used cleansers and disinfectants into the basket and get excellent storage compartments!
