

LABORATORY FOR ARTIFICIAL INTELLIGENCE IN DESIGN LIMITED

Post Specification

- (1) **Postdoctoral Fellow (two posts)** (Ref. No.: AiDLab/RP1-1/R001-R002)
[Appointment period: each for twenty-four months]
- (2) **Research Associate / Research Assistant (two posts)**
(Ref. No.: AiDLab/RP1-1/R003-R004)
[Appointment period: each for twenty-four months]

Duties

The appointees will assist the project leader in the research project – “Using Augmented Reality (AR) to understand users’ design and fitting preferences”.

Qualifications

Applicants for the **Postdoctoral Fellow** post should have a PhD degree in Computer Science, Artificial Intelligence, Electronic Engineering, Industrial Engineering or other related disciplines, and must have no more than five years of post-qualification experience at the time of application. Preference will be given to those with a strong track record of publications in a related field.

Applicants for the **Research Associate** post should have a master’s degree, preferably with a PhD degree, in Computing or other related disciplines with at least two years of post-qualification experience.

Applicants for the **Research Assistant** post should have an honors degree in Computer Sciences, Fashion and Textiles or other related disciplines.

For all posts, applicants should also have:

- (a) at least one year’s project experience in Augmented Reality, 3D graphics, 3D simulation, or app (android/iOS) development; and
- (b) solid coding experience in valid programming training, and can be focused on either frontend or backend.

Applicants are invited to contact Dr Tracy Mok at tel no. 2766 4442 or email tracy.mok@polyu.edu.hk for further information. Please return the completed application form, together with a detailed curriculum vitae, to the AiDLab by email to career@aidlab.hk . Application form can be downloaded from [here](#).

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
