

**PolyU Technology and Consultancy Company Limited (PTeC)** is the wholly owned strategic professional service arm of The Hong Kong Polytechnic University (PolyU). We facilitate knowledge transfer of PolyU's academic expertise to external organizations and the wider community through consultancy, contract research, professional development programmes and licensing of PolyU's intellectual properties, to drive change and make a direct impact on society.

## **Post Specification**

### **Postdoctoral Fellow / Research Associate (several posts) under the research project “Well-Being Design Guide in Public Housing Development”**

Appointment period: 12 months contract

#### **Duties**

The appointee will assist the project leader in the research project “Well-Being Design Guide in Public Housing Development”. He/she will be required to:

- (a) conduct systematic literature review;
- (b) conduct personal in-depth interviews and focus group interviews;
- (c) analyses quantitative and qualitative data, including large-scale surveys, interview data, and GPS location-tracking travel patterns;
- (d) write up final consultancy reports for government departments;
- (e) coordinate the overall project logistics and liaise with stakeholders including corporations, governmental bodies, non-governmental organizations, media, and specific underprivileged groups; and
- (f) handle any other duties as assigned by the project leader.

#### **Qualifications**

Applicants should:

- (a) have a doctoral degree, preferably in architecture, urban design, or housing research related disciplines;
- (b) have no more than three years of post-qualification experience at the time of application;
- (c) have knowledge of and experience in handling quantitative and qualitative data;
- (d) be independent, self-motivated and responsible to lead various research tasks.
- (e) have an excellent command of both spoken English and Cantonese.

**PolyU Technology & Consultancy**
