

PolyU Technology and Consultancy Company Limited (PTeC) is the wholly owned strategic professional service arm of The Hong Kong Polytechnic University (PolyU). We facilitate knowledge transfer of PolyU's academic expertise to external organizations and the wider community through consultancy, contract research, professional development programmes and licensing of PolyU's intellectual properties, to drive change and make a direct impact on society.

Post Specification

Research Fellow (1 post)

[Appointment period: 12 months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader from the School of Optometry, PolyU in the consultancy project "Behavioral differences and short-term myopia control effects under different optical corrections". He/she will be required to:

- a) undertake eye examination;
- b) perform optometric duties;
- c) perform a range of experimental procedures, including but not limited to cell culture, PCR, confocal microscopy, and other relevant techniques;
- d) perform other relevant duties as assigned by the project leader or his delegates.

Qualifications

Applicants should possess:

- (a) a background in optometry and vision research,
- (b) a goal to build a career in research for the medium to long term, and
- (c) a good command of written English.

Remuneration

A competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.

Application

Applicants are invited to send their CV and covering letter to project.ptechr@connect.polyu.hk. Recruitment will continue until the positions are filled. Details of PTeC's Personal Information Collection Statement for recruitment can be found [here](#).
