

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF BUILDING AND REAL ESTATE

Post Specification

Research Associate / Research Assistant (Ref. 16101801)
[Appointment period: twenty-four months]

Duties

The appointee will assist the project leader in the research project – “A study of the tensile strength and behaviour of high strength steel angles”.

Qualifications

Applicants for the **Research Associate** post should have a master’s degree in Civil/Structural Engineering or a good honours degree in the said disciplines with three or more years of research/relevant work experience, preferably with a PhD degree.

Applicants for the **Research Assistant** post should have a good honours degree in Civil/Structural Engineering, preferably with a master’s degree.

Preference will be given to those with research experience in conducting full-scale testing of structural steelworks and connections and analysis using ABAQUS.

Applicants are invited to contact Ir Dr Michael C.H. Yam at tel. no. 2766 4380, fax no. 2764 5131 or email bsmyam@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
