

THE HONG KONG POLYTECHNIC UNIVERSITY

DEPARTMENT OF REHABILITATION SCIENCES

Post Specification

Associate Professor / Assistant Professor in Physiotherapy (Ref. 18111305)

The Department of Rehabilitation Sciences offers teaching programmes from entry level BSc(Hons) to PhD for Occupational Therapy and Physiotherapy. There are over 50 faculty members in the disciplines of Occupational Therapy, Physiotherapy and Rehabilitation Sciences in the Department. The main translational research programmes in the Department are neuroscience and neurological rehabilitation, orthopaedic and sports rehabilitation, East-meets-West in Rehabilitation Sciences and geriatric rehabilitation. It also operates a Rehabilitation Clinic which is the hub for clinical teaching and consultancy services to the community. The Department puts equal emphases on basic, applied and clinical research relevant to the theory and technology development in rehabilitation. Besides, the Department has taken the lead in incorporating Chinese therapeutics into the academic curricula which is unique worldwide. The vision and passion of the Department is *“Touching Lives, Making An Impact”*. For more information about the Department, please visit the website at <http://www.rs.polyu.edu.hk/>.

Duties

The appointee will be required to:

- (a) undertake teaching in undergraduate and postgraduate programmes including supervision of student projects and seminars, and/or supervision of clinical placements;
- (b) carry out independent research and other scholarly activities, and obtain research grants;
- (c) participate in community, professional and/or consultancy services;
- (d) undertake administrative duties; and
- (e) perform any other duties as assigned by the Head of Department or his delegates.

Qualifications

Applicants should have:

- (a) a PhD degree in physiotherapy or a related discipline such as anatomy, exercise physiology, biomechanics, sports science and rehabilitation engineering;
- (b) a strong commitment to excellence in teaching with demonstrated good teaching performance;
- (c) a promising research and publication record with expertise of translational research in musculoskeletal rehabilitation, sports injury, pediatric rehabilitation, geriatric rehabilitation or community rehabilitation; and

(d) good interpersonal and communication skills.

Applicants with proven excellence in translational research and teaching may be considered for appointment at Associate Professor level.

Remuneration and Conditions of Service

A highly competitive remuneration package will be offered. Initial appointment for Assistant Professor will be on a fixed-term gratuity-bearing contract. Re-engagement thereafter is subject to mutual agreement. An appropriate term will be provided for appointment at Associate Professor level. For general information on terms and conditions for appointment of academic staff in the University, please visit the website at <http://www.polyu.edu.hk/hro/TC.htm>. Applicants should state their current and expected salary in the application.
