

THE HONG KONG POLYTECHNIC UNIVERSITY

SCHOOL OF OPTOMETRY

Post Specification

Research Assistant (Ref. 19011809)

[Appointment period: twelve months initially, with possibility of further appointment]

Duties

The appointee will assist the project leader in the research project – “Biomechanical and multiomics characterization of ocular tissues during myopic development”. He/She will be required to:

- (a) perform common experimental procedures such as animal handling, immunohistochemistry, western blot, PCR, confocal microscopy, etc.;
- (b) conduct animal eye imaging using optical coherence tomography or ultrasonography; and
- (c) perform any other duties as assigned by the project leader or his/her delegates.

Qualifications

Applicants should:

- (a) have an honours degree or an equivalent qualification;
- (b) have a good command of written English;
- (c) have strong enthusiasm in research; and
- (d) be self-motivated.

Preference will be given to those with experience in ocular research.

Applicants are invited to contact Dr Dennis Tse Yan-yin at tel no. 2766 6096, fax no. 2764 6051 or email dennis.tse@polyu.edu.hk for further information.

Remuneration

A highly competitive remuneration package will be offered. Applicants should state their current and expected salary in the application.
