

# THE HONG KONG POLYTECHNIC UNIVERSITY

## INDUSTRIAL CENTRE

### Post Specification

**Associate Engineer** (Ref. 21030307-E3)

### Duties

The appointee will join the Electronics and Intelligent Automation Stream and be required to:

- (a) undertake hands-on learning and teaching activities at degree and sub-degree levels including student projects;
- (b) assist in teaching and learning programme design and administration, as well as preparation of hands-on learning, student projects and teaching materials;
- (c) assist in R&D and consultancy activities;
- (d) maintain workshop facilities in good operating condition; and
- (e) perform any other duties as assigned by the Director of the Centre or his delegates.

### Qualifications

Applicants should have:

- (a) a recognised degree in Mechatronics, Automation Engineering, Electronic Engineering, Information Engineering or a related discipline plus not less than three years of relevant post-qualification experience;
- (b) project experience in any of the following domains: industrial automation, robotics system and application or industrial internet of things; and
- (c) a good command of both written and spoken English and Chinese, fluency in Putonghua being an advantage.

Shortlisted candidates may be invited to attend a trade test on their practical skills proficiency.

[Applicants who have responded to the previous advertisement(s) need not re-apply.]

### Remuneration and Conditions of Service

A highly competitive remuneration package will be offered. Initial appointment will be on a fixed-term gratuity-bearing contract. Re-engagement thereafter is subject to mutual agreement. Applicants should state their current and expected salary in the application.
