Date: July 12, 2014 (Saturday)

Time: 8:30am – 4:00pm

Location: Lecture Theater V322
The Hong Kong Polytechnic University
Hung Hom, Kowloon

Program / Activity Code: 01140011

MLT Board CPD: 6 points

Ortho Clinical Diagnostics and PolyU' Department of Health Technology and Information are pleased to provide continuing education for Hong Kong blood bankers, scientists and registrars with a one day event focusing on the latest updates and Case Studies in Transfusion Medicine.

The case studies will focus on various blood banking topics relevant to all those who work in the field of transfusion medicine. The event includes lectures, problem-based learning activities and group interaction to solve the case studies presented, with emphasis on the clinical application of the case studies.

If you have any further questions, please do not hesitate to contact your local Ortho Clinical Diagnostics representative and we look forward to seeing you in July!

For Enquiries, please call Ms. Dora Chan at 2738 6161 or Ms. Danielle Wong at 2737 5500.

RSVP: July 4 2014
