

Master of Medical Imaging (55006)
Human Anatomy & Physiology:
Sample Accepted Undergraduate Pre-requisite Courses

Requirements: Human Anatomy (3 credits)
Human Physiology (3 credits)

<u>University/ College</u>	<u>Course code</u>	<u>Subject</u>	<u>Credits</u>	<u>Subject Coverage</u>	<u>Remark</u>
Athabasca University	BIOL 235	Human Anatomy and Physiology	6	Both	
Brigham Young University	CELL 205	Human Biology	3	Human Physiology	Applicants must take both <i>CELL 205</i> and <i>CELL 210</i> courses to fulfil the total of 6 credits of human anatomy and physiology requirements
Brigham Young University	CELL 210	Human Anatomy	3	Human Anatomy	
Excelsior College	BIO 115	Anatomy and Physiology I	3	Both	Applicants must take both <i>BIO115</i> and <i>BIO116</i> courses to fulfil the total of 6 credits of human anatomy and physiology requirements
Excelsior College	BIO 116	Anatomy and Physiology II	3	Both	

Notes:

Candidates must seek approval from the programme panel for any prerequisite courses not listed in the table above.
Please submit the following details for consideration:

- Course information (including institution, course title and course Link)
- Syllabus or course outline
- Certification or proof of completion

For a course to be considered, it must include a proctored exam component. Courses without a proctored assessment will not be accepted.

*European Credit Transfer System
