

# HK Express - **AXIS** Internship Programme 2022

HK Express is pleased to share with you their new **AXIS Internship Programme** which is taking it's first flight this Summer to bring the beauty of learning to travel and reciprocate travel to learn. They are inviting **LOCAL** students currently studying in **Year 3** who are passionate about HK as a leading international aviation hub to join their 8-week internship programme.

## **AXIS** is about ...

- **The fundamental of learning to fly** – it is a core part of the flight navigation
- **Derives the balance** – including yourself, your network of people and amongst the community
- **The collaboration with your operating environment** – such as teamwork, new ideas, trials, and group success
- **The Dimensions** – such as the different opportunities, skills and perspective you will discover through this unique internship programme
- **The Navigation** – a key highlight of this programme to learn from the “UO Master Class” you’ll receiving a diverse mentoring opportunities to learn from leaderships including our CEO, Captains and Departmental Leaders to progress your career onwards and up!

## **AXIS** Programme Highlights

Through the 8-week programme along with your fellow interns, you will experience real life exciting projects happening across the aviation industry by working with various departments across HK Express. Here’s a snapshot of your **AXIS** journey:

- **Real Project Experience** to discover the unique world of aviation with full exposure to work across different functions including Commercial, Finance, IT & Digital, People and Operations.
- **“Power Chat”** with business leaders to understand the business model and the inside-out of Hong Kong’s one and only Low-Cost Carrier.
- **“Captain Tour”** to experience the flight simulator at the airport’s pilot training center which is normally only limited to professional pilot training and access to restricted areas such as the Operations Control Centre, Crew Briefing Lounge, Line Maintenance Office, Aircraft Maintenance Warehouse and of course a visit to our aircraft.
- **“UO Master Class”** designed to give you subject matter expertise led by senior leaders to complete the Capstone Project on **“The Making of Future Travelling Experience”**.
- **“Learn to Travel X Travel to Learn”** to win complimentary tickets awarded to the best performing project team in the Graduation Presentation to become Student Ambassadors of HK Express to explore the new world.

## Calling for **AXIS** Talents

They’re inviting the following talents to apply:

- Full-time university students in their penultimate year
- Passionate about Hong Kong as a leading international aviation hub
- Collaborative and enjoy sharing new ideas and problem-solving challenges
- Great personality with the spark to have open communications in English and Chinese
- Available from July till August 2022 for a fruitful 8-week Internship Programme
