Mr Anderson Lee, Board Member, Sustainable Apparel Coalition; Chairman, Sustainable Fashion Business Consortium (SFBC); Director, Textile Council Hong Kong; Voting Member, Outdoor Industry Association (OIA); President & CEO, PINNECO RESEARCH LTD

Date: 5 April 2016

Time: 9.30am – 11.00am

Venue: Room PQ304

Abstract:

Sustainability has arrived. Not too long ago - perhaps two decades or so - the fledgling field was considered niche. While still far from becoming universally and uniformly adopted, sustainable business practices today are much more a part of commerce than ever before. While no one person, company, or non-governmental organization (NGO) can take credit for the current state of sustainability, there are a series of key innovations that played an integral role in building this momentum.
