

High Strength Hydrogels for Biomedical Applications

Prof. Wenguang Liu

Tianjin University, China

Date : 12 April 2018 (Thursday)

Time : 3:45 p.m. – 5:45p.m.

Venue : Room ST602, 4D Theatre, The Hong Kong Polytechnic University

Biography

Prof. Wenguang Liu is a full Professor of School of Materials Science and Engineering at Tianjin University. He earned his PhD in Biomedical Engineering in 1999 from Tianjin University. Prof. Liu was a visiting scholar at The University of Hong Kong from July 2003 to January 2004, and served as a research associate of ITC at Hong Kong Polytechnic University from March to November 2004. He did postdoctoral research at the Department of Cellular and Molecular Medicine, University of Ottawa (Canada) from March 2005 to November 2006. His current research interests are functional polymers, hydrogels, regenerative medicine and tissue engineering. Prof. Liu is the recipient of 2013 National Natural Science Foundation of China for Distinguished Young Scholar.
