

Top Shipping School Research Rankings 2022-2024

Shipping is a global industry closely linked with global trade. Shipping research has grown significantly in recent years. Researchers have devoted efforts to advancing the knowledge frontier of shipping studies and the theoretical foundation. Scholarly journal publications are important to facilitate knowledge sharing among researchers and practitioners. This report provides the latest information on the top shipping school rankings in the world.

By tracking publications on shipping studies under the category "Transportation", we examine research on shipping and shipping-related topics captured in Clarivate's ISI Web of Science database between 2022 and 2024. This report provides information on (1) the number of shipping articles published between 2022 and 2024, (2) key journals publishing shipping research outputs, and (3) worldwide rankings of shipping schools.

To begin, we searched for the Citation Report in the *ISI Web of Science* to identify shipping-related articles published between 2022 and 2024 under the "Transportation" category. We found that there are 622 such articles as follows:
