## Alumni Sharing 校友分享

MATCFL programme focuses on the mode of combining practices with knowledge and skills. By providing internship opportunities, students can continually improve their teaching skills and prepare themselves well for future careers. The professors do not only impart knowledge but also give students comprehensive career guidance, while the active alumni network is widely engaged in well-known educational institutions. Without the guidance of MATCFL professors and seniors, I would not be successful in graduation and employment.

During my studies in MATCFL, I realised the quality of a good educator by the examples led by the professors and my dissertation supervisor. I believe that a qualified teacher should be like the professors I met in MATCFL, who have strong determination and passion for teaching. They will do their best to help MATCFL students who encountered academic difficulties and support them to become a qualified Chinese teacher.

在這一年多的學習中，我從各位教授以及我的論文導師身上看到了真正的教師應有的樣子。我相信一名合格的“教書匠”應如同教授們那樣，有著“擇一事，終一生”的信念支撐，全心投入教學事業。他們為就讀MATCFL的學生們盡其所能地提供幫助，支持他們成為合格的對外漢語教師。
