

<b>Subject Code</b>	MM603																										
<b>Subject Title</b>	Independent Studies in Business																										
<b>Credit Value</b>	3																										
<b>Level</b>	6																										
<b>Normal Duration</b>	1-semester																										
<b>Pre-requisite/ Co-requisite/ Exclusion</b>	None																										
<b>Subject Learning Outcomes</b>	<p>Upon completion of the subject, students will be able to:</p> <ol style="list-style-type: none"> <li>identify critical issues that could be considered as the potential research directions for their intended thesis;</li> <li>conduct a comprehensive literature review and develop an in-depth understanding of the theories and research methods associated with a particular topic relating to their intended thesis;</li> <li>propose a research plan for how to fill the gap between the identified issues and the results from the literature review.</li> </ol>																										
<b>Subject Synopsis/ Indicative Syllabus</b>	<p>The area to be studied will be decided by the participant and the staff adviser. The work will require the student to be directly involved with a particular aspect of research, such as an in-depth literature review, collection and analysis of data, etc.</p> <p>Before commencing this independent study, the participant must prepare a brief outline of the proposed study and obtain permission from the Programme Director.</p>																										
<b>Teaching/Learning Methodology</b>	<p>Participants who choose to do an independent study will work directly with one faculty member who agrees to act as an advisor. The staff member will be an expert in the agreed area of study and will provide the participant with individualized instruction. In conjunction with the staff member, participants are expected to produce one piece of work that is rigorous and that is of a high quality standard. Participants will be encouraged to submit their work to a refereed journal or conference.</p>																										
<b>Assessment Methods in Alignment with Intended Learning Outcomes</b>	<table border="1"> <thead> <tr> <th rowspan="2">Specific assessment methods/tasks</th> <th rowspan="2">% weighting</th> <th colspan="3">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th> </tr> <tr> <th>a.</th> <th>b.</th> <th>c.</th> </tr> </thead> <tbody> <tr> <td><b>Continuous Assessment*</b></td> <td><b>100%</b></td> <td></td> <td></td> <td></td> </tr> <tr> <td>1.
