Subject Synopsis	<a href="http://www.polyu.edu.hk/abct/en/programmes.php">http://www.polyu.edu.hk/abct/en/programmes.php</a>
<b>Service Project</b>	
What will students do to serve?	Students will be taken to a selected rural farming community. They will be required to use their knowledge and skills acquired in class to help the farmers to raise the crop growing standard. It is targeted to enhance the efficiency in using resources, especially on energy, raising the productivity level, reducing in default rate, and to enhance the crop quality and quantity. Students will use computer simulated models, fabrication of agricultural devices and by any other modes or demonstrations, including active involvement in routine farming activities, so as to help and to communicate with the rural farmers.
Whom will students serve?	Rural farmers in Hong Kong / Chinese Mainland
Where will students serve?	Hong Kong, Heyuan or Sichuan
When will students serve?	Students will be taken to a selected rural farming community. The visit to Chinese Mainland will take place in the semester break and last for about 7 consecutive days (the first and last days on travelling).  The local service will take place during the semester.
Fee payable by students	900HKD for Guangdong /1300HKD for Sichuan (Tentative)
