Subject Synopsis	<a href="http://www.polyu.edu.hk/so/pdf/SO2S01.pdf">http://www.polyu.edu.hk/so/pdf/SO2S01.pdf</a>
<b>Service Project</b>	
What will students do to serve?	Lectures and practical lab sessions will be arranged to allow students to understand the basic concepts of vision screening and familiarize themselves with some simple yet important clinical tests for vision assessment. Students are required to work in groups (10~15+ per group) to develop a vision screening project to serve underprivileged communities in Hong Kong, mainland China or overseas* throughout this two-semester subject. Site visit(s) will be arranged prior to the vision screening. Students will be delegated with different tasks to render and serve during the screening activities. Supervisors will be on-site to help disseminate eye care information and also provide supervised talks or seminars.  * Students may have to pay an additional outbound activity fee for both mainland and overseas projects.
Whom will students serve?	People with difficulties in accessing vision and eye health care services, including but not limited to elderlies, schoolchildren (especially kindergarten and primary school students), new immigrants, low-income

Remarks: The information given above is subject to change.

	families, refugees, ethnic minorities as well as those afflicted with physical and mental disabilities. Vision screening service will be provided to high school students in village schools for the Qinghai group.
Where will students serve?	<input checked="" type="checkbox"/> Hong Kong      District: Ma On Shan, Tin Shui Wai, Yau Ma Tei, Happy Valley <input checked="" type="checkbox"/> Chinese mainland      Province: Qinghai <hr/> City: Xining <hr/> <input type="checkbox"/> Taiwan <input type="checkbox"/> Macau <input checked="" type="checkbox"/> Overseas Other      Country: Kyrgyzstan <hr/> City:
