As Symposium 3 of the
Second International Conference on Sustainable Urbanization (ICSU 2015)
7-9 January 2015, Hong Kong, China

Organized by
Research Institute for Sustainable Urban Development (RISUD) &
Faculty of Construction and Environment (FCE), The Hong Kong Polytechnic University
Website: <http://www.polyu.edu.hk/risud/ICSU2015/>

Aim and Scope of the Symposium

The 2nd International Conference on Sustainable Urbanization (ICSU) will be held in Hong Kong during 7-9 January 2015. The conference will be organized by Research Institute for Sustainable Urban Development (RISUD) and Faculty of Construction and Environment (FCE), The Hong Kong Polytechnic University (PolyU). Among five symposiums of the international conference, Symposium 3 targets on "Sustainable Water in Cities". Scientists, engineers, government officers, policy-makers, students and the broader stakeholders in contributing strategies to the myriad of "Sustainable Water in Cities", are welcome to meet in Hong Kong to share their knowledge and visions for the future of water in cities.

The Main Themes of Symposium 3 on "Sustainable Water in Cities":

- Wastewater Treatment and Recycling
- Energy Generation from Waste and Wastewater
- Water Resources & Supplies
- Water Quality and Human Health
- Sludge Value-added Products and Others
