

Abstract submission guidelines

1. Abstracts must be in English.
2. Each presenting author may submit up to 2 abstracts.
3. The abstracts should be submitted via the online system.
4. All abstracts must be submitted by 23:59 (Hong Kong Standard Time at UTC+8:00) **11th September 2026** through the online system. Submissions via fax, hard copy, or email will NOT be accepted.
5. Upon successful submission, the submitting author will receive an email confirmation. Please contact rs.crm@polyu.edu.hk for technical issues or questions.

Points to note:

1. Abstracts should present original work with a clearly stated focus, and must align with one of the following themes:
 - Education in Health Sciences
 - Technology Enhanced Learning & Artificial Intelligence Integration
 - Curriculum Design & Assessment
 - Interprofessional Education & Collaborative Practices
 - Communication Skills, Reflective Practices and Patient-Centered Care
 - Clinical Education
2. Authors are responsible for the accuracy of their abstract. Accepted abstracts will appear as submitted in the electronic program book.
3. Please indicate your preference for oral or poster presentation during submission. Upon acceptance, you will be notified by Scientific Programme regarding Committee the final presentation mode.

Notification and Registration

1. Submitting authors will receive all submission-related correspondence and are responsible for informing their co-authors.
2. Presenters will be informed of the Scientific Committee's decision by **11th October 2026**.
3. Presenters of accepted abstracts must register online and pay the registration fee by **11th November 2026**. Failure to do so will result in exclusion from the final program.
4. For questions, contact the Scientific Committee at rs.crm@polyu.edu.hk

The organizing committee reserves the right of final decision regarding the acceptance of all submitted abstracts, and the mode of presentation.

Abstract Requirements

1. Abstracts must be written in English.
2. Abstracts must follow the following format:
 - **Title:** Maximum 30 words.
 - **Authors:** List first name followed by family name (e.g., T.M. Chan). Omit degrees and titles. The submitting author is the presenter. Include institution and country (e.g., T.M. Chan¹, J. Doe²; ¹Department of Rehabilitation Sciences, The Hong Kong Polytechnic University, Hong Kong; ²Division of General Medicine and Primary Care, Harvard Medical School, U.S.A.).
 - **Content:** Use the following headings:
 - Background
 - Aims
 - Methods
 - Results
 - Conclusions
3. **Length:** Maximum 250 words.
4. **Format:** Use standard abbreviations only. References, images, figures, or tables are not permitted.
