

In view of the COVID-19 pandemic, all users should pay attention to the following precautionary measures:

- Temporarily limiting the number of users in swimming pool to maintain social distancing among swimmers.
- Distributing numbered tickets to users lining up when the number of users in swimming pools have reached the temporary maximum pool capacity.
- Users need to wear masks when entering the sports centre and undertake body temperature screening at the reception counter. Users with body temperature higher than 37.5 Degree Celsius are not allowed to enter the facility.
- Carpets with disinfectant are placed at the entrance of the sports centre.
- Hand sanitizer are placed at the counter and users entering the facilities are requested to clean their hands.
- Swimmers are also reminded to wear masks at all times within swimming pools except when they are swimming, consuming drink , having a shower, walking from a changing room to a pool or vice versa or doing warm-up exercises with a distance of at least 1.5m from others.
- If users are not feeling well and/or have respiratory tract infection symptoms such as coughing and running nose, they should refrain from using sports facilities.
- Alternate shower cubicles and limited number of lockers in the changing room are available for use.
- Shower cubicles will be closed for cleaning every four hours.
- Equipment loan service will not be provided.
- Sports facilities staff may request any users who do not follow any of the above precautionary measures to leave the facilities immediately.
