

Outstanding Student, School of Design 2021

VONG Ka Hei

BA (Hons) in Environment and
Interior Design

To me, the Outstanding Student Award is a wonderful conclusion of my journey at PolyU. During the selection process of the Award, I was able to reflect on my university life, my achievements and my drawbacks. It has also enlightened me on how I should move forward towards my goal. If you ask me about the qualities of an outstanding student, I would say someone who is humble, sincere and passionate, who is willing to give back to the society and who is ready to put 120% effort to strive for improvement.

I think my university life has not only equipped me with professional knowledge but also provided me with abundant opportunities to broaden my horizons. Through the elective and Service-Learning subjects, I was able to better comprehend different social issues and met many people from different cultural backgrounds, which have boosted my confidence and inspired me to incorporate inclusive design into my daily practice.

I really appreciate the all-round curriculum offered by PolyU, and the support provided by our School which has helped me find my passion in life and develop into the person I am today.
