

## Outstanding Student, School of Hotel and Tourism Management 2021

**YU Chenxi**

BSc (Hons) in Hotel Management &  
Minor in Finance

To me, the beauty of university life lies in its diversity. PolyU provides me with an excellent platform to meet people from different backgrounds and try different things. In academic study, apart from taking the required courses, I have had the opportunity to join and help coordinate various research projects in fields I am interested. The half-year me to apply the classroom knowledge into practice and receive constructive feedbacks from my supervisor and colleagues. I have also actively participated in volunteer services, competitions, and student societies, during which I have been able to develop my interpersonal skills. My university life is highly fulfilling because I can learn something new every day. I am also grateful for the opportunities to contribute to the community.

Passion, leadership, and team spirit are the three core qualities I believe an outstanding student should possess. To me, the Outstanding Student Award means more than a recognition for my efforts in the past four years. It will encourage me to keep embracing opportunities in my future endeavours. I am truly grateful for everything I have come across at PolyU, and I am ready to start the next phase of my life with all the wonderful memories I have had here.
