

Outstanding Student of School

Outstanding Student of
School of Fashion and Textiles

LEUNG Chui Yi

Bachelor of Arts in Fashion and Textiles (Technology)

I have a strong desire for self-improvement. My passion for learning, exploring new knowledge, and challenging myself to surpass limits sets me apart. I believe it is one of the major reasons I was selected to be the Outstanding Student of my School. This Award recognises my dedication, hard work, and motivation to keep moving forward.

Participating in the undergraduate summer research programme at the University of British Columbia was the most unforgettable experience I gained during my two-year studies at PolyU. Not only did I gain valuable academic knowledge, but I also met friends from around the world, broadening my perspectives. Interacting with accomplished individuals emphasised the importance of continuous learning and fearlessness in starting new ventures.

I am passionate about designing intelligent and protective garments for the elderly. With the global trend of population ageing and low fertility rates in Hong Kong and Mainland China, there is a growing need for innovative solutions to enhance the safety and well-being of this demographic. I aspire to apply my studies to practical solutions, designing smart protective clothing that helps prevent home accidents and improve the quality of life of the elderly living alone or with limited mobility.

Achievements / Awards:

- Recipient, Presidential Student Leadership Award of School 2023/24
- Student Assistant, STORE by PolyU Fashion 2023/24
