

Partnership with Employers

The Careers and Placement Section, Student Affairs Office (CPS, SAO) is happy to assist employers in connecting with our students and identifying right candidates to match the job requirements during the internship and/or graduate recruitment processes.

CPS, SAO would also collaborate with employers at an early stage in determining job / internship requirements. Employers are welcome to publicise available job/internship opportunities in Hong Kong, Mainland China, or overseas through PolyU Job Board.

About PolyU

PolyU has established a fine repute as the pioneer and leader in application-oriented education and research in Hong Kong. More than 480,000 graduates have been nurtured since 1937 and many of them have become movers and shakers in their industries or professions, making significant contributions to the advancement of society. With a total of six Faculties and three Schools, PolyU has close to 30,000 undergraduate and postgraduate (TPG, MPhil and PhD) students. The Faculties and Schools are as follows:

- Faculty of Business
- Faculty of Construction and Environment
- Faculty of Engineering
- Faculty of Health and Social Sciences
- Faculty of Humanities
- Faculty of Science
- School of Design
- School of Fashion and Textiles
- School of Hotel and Tourism Management

PolyU is Hong Kong's competent provider of comprehensive programmes in fashion and textiles; logistics and maritime; environmental engineering, sustainable development, land surveying and geo-informatics; air transport, aviation and transportation systems; mental health nursing, occupational therapy, optometry, physiotherapy and radiography; and design. Programme structures are flexible and can be taken as Double-Degree options and Major / Minor combinations.

Faculty of Health and Social Science

of The Hong Kong Polytechnic University

Faculty of Health and Social Science

In keeping with the mission of The Hong Kong Polytechnic University (PolyU) "Academic Excellence in a Professional Context", the Faculty of Health and Social Sciences (FHSS) continually monitors and responds to health, social, and professional trends to produce high-calibre graduates and cutting-edge researches that contribute positively to society's well-being by applying best practice and theories. New academic programmes and research projects are created and existing ones adapted to take into account the ever-changing nature of knowledge, society, and workplace.

FHSS offers a wide spectrum of postgraduate, undergraduate, and sub-degree programmes that are accredited by local and international professional bodies. The Faculty's academic staff also actively engage in research and scholarly activities to underpin their teaching and contribute to the advancement of their particular areas of expertise.

Department of Applied Social Sciences

To advance knowledge and professional practice, to promote social justice and community betterment, and to prepare leaders in human services delivery are the key directions of the Department of Applied Social Sciences (APSS). APSS has a wealth of expertise in multiple disciplines including social work, social policy and administration, psychology, sociology, and philosophy. Its strategic research foci cover migration and population mobility, family and lifespan development, applied psychology, social economy, disaster and risks reduction, applied philosophy, and social work practice.

- PhD, MPhil, Doctor of Social Work, Master of Applied Psychology, Master of Educational and Child Psychology, Master of Social Work, and MA
- BA (Hons) in Applied Ageing Studies and Service Management
- BA (Hons) in Social Work
- BA (Hons) in Social Policy and Administration
- BA (Hons) in Social Policy and Social Entrepreneurship

Department of Health Technology and Informatics

Established in 2005, the Department of Health Technology and Informatics (HTI) is home to the disciplines of medical laboratory science and radiography, which were first started at PolyU in 1978. HTI graduates play vital roles in supporting the work of frontline medical and health workers in hospitals and other healthcare institutions.

- PhD, MPhil, and MSc
- BSc (Hons) in Medical Laboratory Science
- BSc (Hons) in Radiography

Department of Rehabilitation Sciences

The Department of Rehabilitation Sciences (RS) is committed to becoming a world leader in education and research in rehabilitation sciences, thereby positively impacting on the lives of people with or without disabilities. RS emphasises the importance of knowledge creation in support of teaching and clinical practice through active engagements in research activities. In addition, the Department is at the forefront of developing new knowledge in rehabilitation sciences especially in the area of neurosciences, musculoskeletal disorders, geriatric rehabilitation, and East-meets-West approach in rehabilitation.

- PhD, Doctor of Health Science, MPhil, and MSc
- BSc (Hons) in Occupational Therapy
- BSc (Hons) in Physiotherapy

School of Nursing

The School of Nursing is a diverse community of scholars and clinicians with a common goal: to pursue academic excellence of practical value in nursing and healthcare services. The School is making significant contributions to the needs of the local community and dedicated to facilitating the development of nursing scholarship nationally and internationally. In partnership with its students, the School is co-constructing a learning community that nurtures an appreciation for high standards and the pursuit of excellence in nursing practice.

- PhD, Doctor of Health Science, Master of Nursing, and MSc
- BSc (Hons) in Mental Health Nursing
- BSc (Hons) in Nursing

School of Optometry

Striving to cultivate students with professional qualities, skills, and knowledge as optometrists, the School of Optometry has been exerting efforts to maintain high academic standard in teaching with a team of competent and experienced professors, and to offer students' practicum within the supervised and real setting in the School's teaching clinic, a leading optometric clinic in Asia. Upon the completion of its Degree programme, graduates who are trained to be qualified practitioners in the local field of optometry and dedicated professionals with academic and clinical expertise are favorably received by the industry and worldwide institutions.

- Doctor of Health Science (Optometry)
- BSc (Hons) in Optometry
