

# SERVICE-LEARNING at POLYU: 2024

## Staff Activities

### Service-Learning Vision Tours

#### ★ Highlights:

- Gain an understanding of PolyU Service-Learning (SL)
- Explore possibilities in SLLO's non-local SL bases in Yunnan, The Philippines & Cambodia
- Understand and get assistance with developing and making arrangements for a non-local SL project in an SLLO base:

Site identification + Service and needs matching + Meet with potential community partners + Observe of currently ongoing SL projects + Explore of cultural learning activities for students

#### About the Tours

Internationalization and global engagement are the key objectives of PolyU's Strategic Plan 2019-25 and SL is expected to play an indispensable role. The University envisions that, by the 2027/28 academic year, 50% of the undergraduate students will undertake non-local SL.

In line with the University's direction, SLLO has been developing our non-local service-learning capacity and we maintain three non-local bases in **Yunnan, the Philippines** and **Cambodia**. We have extensive connections in these bases, we are well positioned to help academic colleagues to place an SL project there, and we will also handle all logistical arrangements for colleagues. To present you with a better picture about these bases and their operation, SLLO will organize Service-Learning Vision Tours for interested staff to visit our base(s), with details below:

**Yunnan:**  
22 – 25 May 2024

**The Philippines:**  
18 – 21 May 2024

**Cambodia:**  
5 – 8 June 2024  
or  
12 – 15 June 2024

#### Key Dates

**Application Deadline:**  
19 April 2024

**Admission Results:**  
26 April 2024

#### Financial Support from SLLO

SLLO will support airfare and subsistence allowance up to **HK\$10,000**. Priority will be given to current teachers of SL subjects.

#### Eligibility

**Colleagues who are interested in developing or teaching a non-local service-learning subject; colleagues who are involved in supporting non-local service-learning subjects**
