Service Project																						
What will students do to serve?	<ul style="list-style-type: none"> Students will be divided into small groups with each group comprising students from different faculties, thus, pulling together expertise from multi-disciplines, enabling the provision of all-rounded service to children, adolescents, and their families in need. Through collaborative learning, students will be assigned with different roles (e.g., group leader, group coordinator, etc.). They will be asked to rotate roles within the group in order to work together as a team to solve a problem, complete a task and achieve a common goal. Collaborative skills and leadership competencies (e.g., caring, group accountability) will be assessed through peer assessment and ongoing reflective journals. Teachers will be present in order to provide a safe and orderly learning environment throughout the service delivery process.
