Service Project	
What will students do to serve?	The subject adopts the “positive youth development” paradigm to build up the competence, resilience, and positive self-concepts of underprivileged children and adolescents. PolyU students develop and implement educational and supportive service (such as day camps or tutorial classes) for the underprivileged children and adolescents. Students will also understand the needs and explore the strengths and potentials of the service recipients by engaging them through group activities. It is hoped that PolyU students can help build up a sense of achievement and aspiration for the children and adolescents to further develop their potentials.
