

Subject Description Form

Subject Code	SO4026																
Subject Title	Ocular Disease Management 1																
Credit Value	1 (WIE)																
Level	4																
Pre-requisite	Students should have completed General and Ocular Pharmacology 2 (SO4009)																
Objectives	To train student regarding the management of ocular disease with the use of ophthalmic pharmaceutical agents																
Intended Learning Outcomes	<p>Upon completion of the subject, students will be able to:</p> <p>a. treat and manage common ophthalmic conditions</p> <p>b. monitor the response to treatment and modify the management accordingly</p>																
Subject Synopsis/ Indicative Syllabus	<p>Primary care optometric examination and counselling</p> <p>Treatment and management of ocular disease with ophthalmic pharmaceutical agents</p>																
Teaching/Learning Methodology	<p>External clinical placement: Obtain clinical experience and implement clinical knowledge/skills in other ophthalmic practices or centres</p> <p>Sites for rotation include, but not limited to, Zhongshan Ophthalmic Centre at Guangzhou, Eye Department of Queen Mary Hospital at Hong Kong, Hong Kong Eye Hospital, etc.</p>																
Assessment Methods in Alignment with Intended Learning Outcomes	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th rowspan="2" style="width: 30%;">Specific assessment methods/tasks</th> <th rowspan="2" style="width: 15%;">% weighting</th> <th colspan="2" style="width: 55%;">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th> </tr> <tr> <th style="width: 27.5%;">a</th> <th style="width: 27.5%;">b</th> </tr> </thead> <tbody> <tr> <td>Continuous Assessment</td> <td style="text-align: center;">100</td> <td style="text-align: center;">✓</td> <td style="text-align: center;">✓</td> </tr> <tr> <td>Total</td> <td style="text-align: center;">100</td> <td colspan="2"></td> </tr> </tbody> </table>			Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)		a	b	Continuous Assessment	100	✓	✓	Total	100		
	Specific assessment methods/tasks	% weighting	Intended subject learning outcomes to be assessed (Please tick as appropriate)														
			a	b													
	Continuous Assessment	100	✓	✓													
Total	100																
<p>Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:</p> <p>Continuous assessment during the clinical placement will provide a platform for the students to obtain the feedback continuously for the</p>																	

	improvement of their clinical performance. This can help students to build up their clinical experience to achieve the learning outcomes in order to prepare for the future clinical work.	
Student Study Effort Required	Class contact:	
	▪ Clinical placement	39 Hrs.
	Total student study effort	39 Hrs.
