

## Subject Description Form

<b>Subject Code</b>	SO4027																				
<b>Subject Title</b>	Ocular Disease Management 2																				
<b>Credit Value</b>	2 (WIE)																				
<b>Level</b>	4																				
<b>Pre-requisite</b>	Students should have completed General and Ocular Pharmacology 2 (SO4009)																				
<b>Objectives</b>	<p>This is a continuation of the Clinical Ocular Disease Management 1 in the previous semester</p> <p>To train student regarding the management of ocular disease with the use of ophthalmic pharmaceutical agents</p>																				
<b>Intended Learning Outcomes</b>	<p>Upon completion of the subject, students will be able to:</p> <p>a. treat and manage common ophthalmic conditions</p> <p>b. monitor the response to treatment and modify the management accordingly</p>																				
<b>Subject Synopsis/ Indicative Syllabus</b>	<p>Primary care optometric examination and counselling</p> <p>Treatment and management of ocular disease with ophthalmic pharmaceutical agents</p>																				
<b>Teaching/Learning Methodology</b>	<p>External clinical placement: Obtain clinical experience and implement clinical knowledge/skills in other ophthalmic practices or centres</p> <p>Sites for rotation include, but not limited to, Zhongshan Ophthalmic Centre at Guangzhou, Eye Department of Queen Mary Hospital at Hong Kong, Hong Kong Eye Hospital, etc.</p>																				
<b>Assessment Methods in Alignment with Intended Learning Outcomes</b>	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th rowspan="2" style="width: 30%;">Specific assessment methods/tasks</th> <th rowspan="2" style="width: 10%;">% weighting</th> <th colspan="2" style="width: 60%;">Intended subject learning outcomes to be assessed (Please tick as appropriate)</th> </tr> <tr> <th style="width: 30%;">a</th> <th style="width: 30%;">b</th> </tr> </thead> <tbody> <tr> <td>1. 		a	b																		
1. Continuous Assessment	80	✓	✓																		
2. Examination	20	✓	✓																		
<b>Total</b>	<b>100</b>																				

	<p>Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:</p> <p>Continuous assessment during the clinical placement will provide a platform for the students to obtain the feedback continuously for the improvement of their clinical performance. This can help students to build up their clinical experience to achieve the learning outcomes in order to prepare for the future clinical work.</p> <p>Examination in the format of viva voce will be arranged to examine students' overall knowledge in the treatment and management of ocular diseases. Students have to pass this oral examination.</p>	
<p><b>Student Study Effort Required</b></p>	<p>Class contact:</p>	
	<ul style="list-style-type: none"> <li>▪ Clinical placement</li> </ul>	<p>78 Hrs.</p>
	<p><b>Total student study effort</b></p>	<p><b>78 Hrs.</b></p>
