| Assessment Methods in Alignment with Intended Learning Outcomes | Specific assessment methods/tasks | % weighting | Intended subject learning outcomes to be assessed (Please tick as appropriate) | | |
| | | | a | b | c |
| | Continuous Assessment | 100 | ✓ | ✓ | ✓ |
| | Total | 100 | | | |
| | <p>Explanation of the appropriateness of the assessment methods in assessing the intended learning outcomes:</p> <p>Continuous assessment during the clinical placement will provide a platform for the students to obtain the feedback continuously for the improvement of their clinical performance. In addition, the continuous assessment in the clinic training will also help to assess students' clinical knowledge, skills and case management in a real situation. This can help students to build up their clinical experience to achieve the learning outcomes in order to prepare for the future clinical work.</p> | | | | |
| Student Study Effort Required | Class contact: | | | | |
| | ▪ Lecture | | | | 4 Hrs. |
| | ▪ Clinic | | | | 108 Hrs. |
| | Total student study effort | | | | 112 Hrs. |
