Articulation Pathways for HD(HSc) – Challenges and Future Directions

Communication Mechanism between Institutions
(Local Session) – SYA Project Credit Transfer Webinar Series

Angela LI *MD, PhD*

Programme leader of HD(HSc)

School of Medical and Health Science

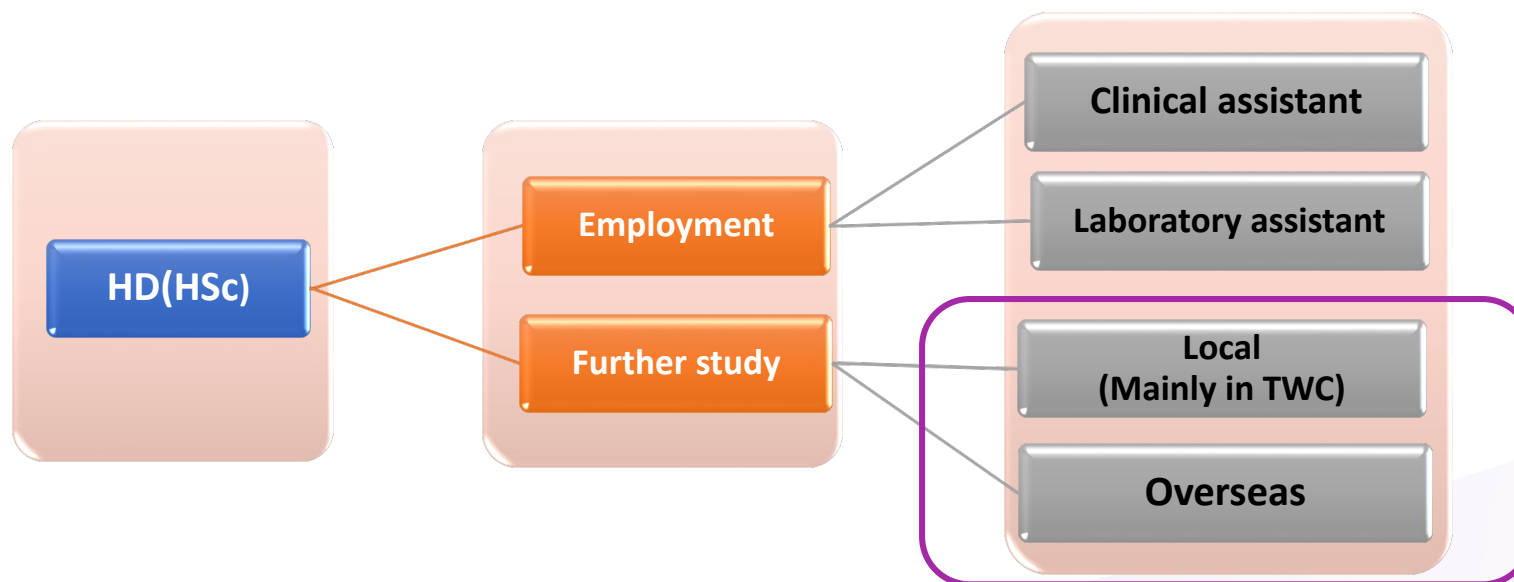

Tung Wah College

angelali@twc.edu.hk

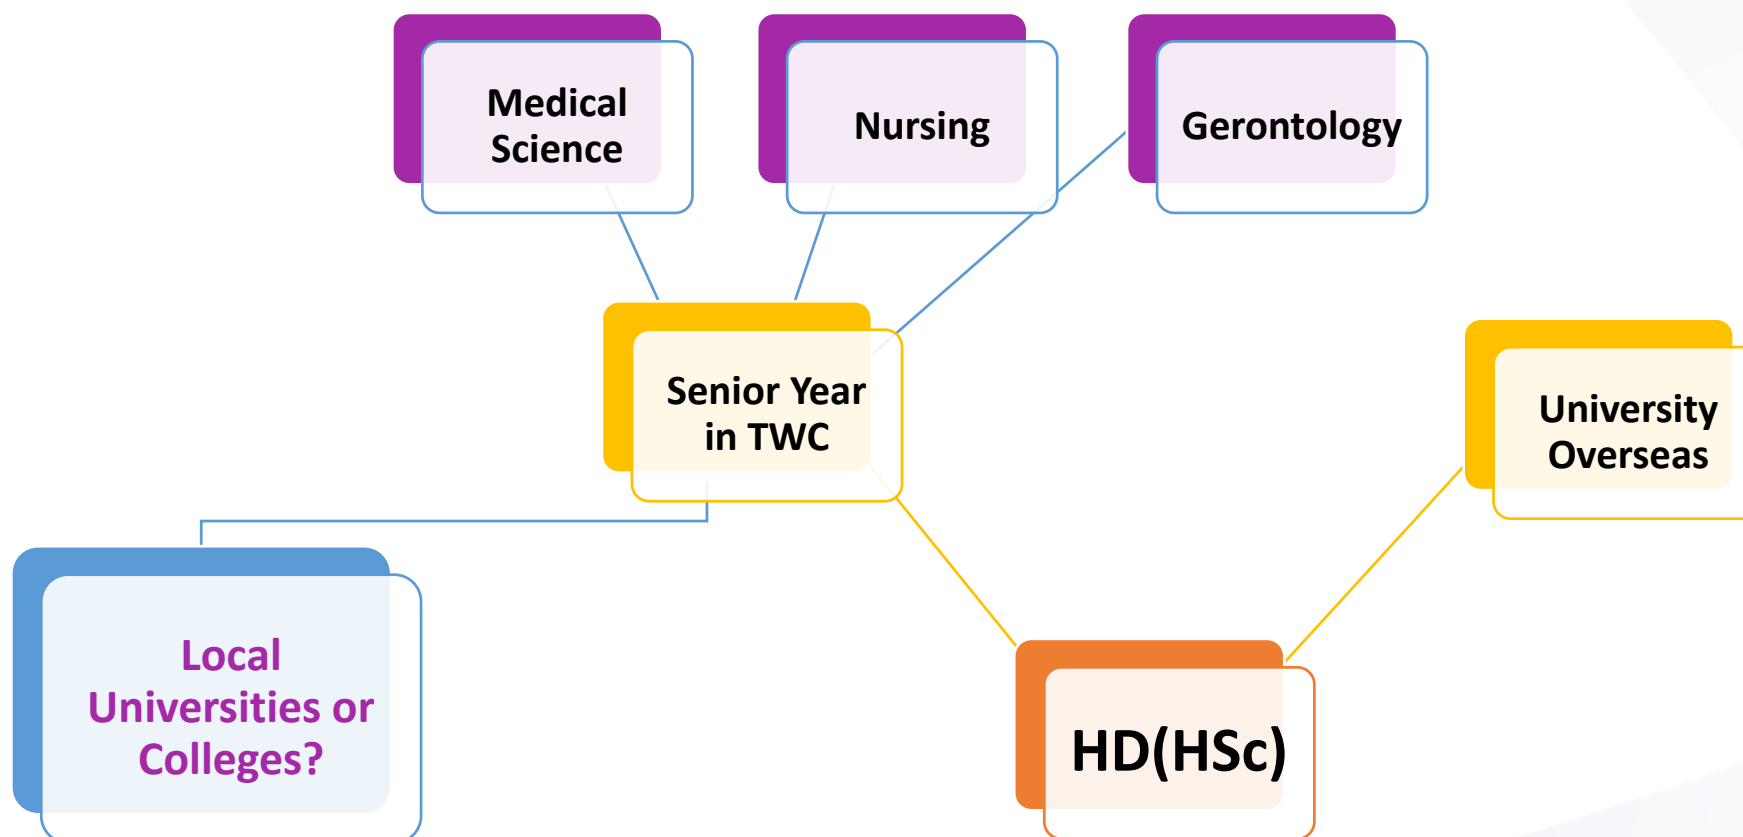

Higher Diploma in Health Science (HD(HSc)) of TWC

- A programme under the Study Subsidy Scheme for Designated Professions/Sectors (SSSDP)
- Provide training for both employment and further study.

Current Articulation Pathways of (HD(HSc))

Challenges and Future Directions

- A challenge of local articulation outside TWC
 - Requirements are not clear. (Case by case – nobody knows)
 - Duration of study period (key concern)
 - Close system vs. Open system

Future Directions: Mechanism for Multiple Choices
