## Special Features

- Integrating theory and practice
- Meeting the growing demands for trained professionals and practitioners in the fields of social policy and social entrepreneurship
- Specifically designed professional attachments for real-life exposure to fields such as welfare, health care, housing, labour, advocacy, environmental, social enterprises, social economy projects, etc.
- Balancing and resolving competing values such as bureaucracy versus human concerns and private profit-making versus public good/well-being
- Intensive learning in Social Policy or Social Entrepreneurship and Administration

## Entrance requirement (For JUPAS Applicants):

Satisfy the University's General Entrance Requirements of 4 core and 2 elective subjects with:

- Level 3 in English Language and Chinese Language; and two elective subjects
