University Experience Programme (TUE)

“From Physics and ICT to Engineering”

12th - 13th July 2017 (Wed-Thur)

Venue: PolyU Campus

Target Participants: S5 students taking Science, ICT or M1 / M2 subject(s)

A valuable opportunity to attend University lectures

A chance to visit engineering laboratory facilities

A certificate of attendance

Participants will get:

New insights on Science, ICT and M1 / M2 subjects

And if applicable, a certificate of merit for outstanding assignment

University lectures

-  Robotics and Machine Perception
-  Better Quality of Life through Non-Destructive Testing
-  How Electricity gets to us?
-  Introduction to Ultrasound, X-rays and CT Medical Imaging Technologies
-  From Data Representation to Computer Networks
-  Introduction to Computing and Internet Technologies
-  Navigation and Communication of Civil Airplane

Event Details

Programme Fee*:

HK\$150 (covers lunch and activity expenses)
(*School principals can send in recommendations for waiving the programme fee for students in need.)

Medium of Instruction:

Cantonese and English (supplemented with English handouts)

No. of Places:

250

Deadline of Registration:

28th April 2017
